OUTLOOK OF THE INDUSTRY

Unprecedented inflationary headwinds pose significant challenges in the near term and remain a key monitorable for the Food products Industries. The year saw an unprecedented increase in prices of key inputs/ overheads such as Feed Raw materials, Coal, Additives, Packing materials and Ocean Freight, which according to the company exerted considerable pressure on margins.

Many Food industries warned of diminishing purchasing power and demand due to the economic circumstances resulting in fundamental shifts in consumer behaviour, which would adversely impact the market for food products. Food industries have been bearing the maximum brunt of rising commodity prices and geopolitical tensions which have forced the Industry to pass some part of the cost to the consumers.

In these unprecedented times, economies are facing one crisis after another. The Egg powder industries had not yet recovered from the aftermath of COVID, and a consequential crisis of high inflation hit the industries. Quarter 4 of the financial year 21-22 witnessed India's 8-year high retail price inflation. Under these exceptional circumstances, our strategy to combat the challenges posed by high input costs involved cost control measures followed by pricing actions.

With the pandemic largely under control and the resultant return of normalcy in economic activity, the Food industries too are in transition towards the normalcy, it is an opportunity to make this transition more resilient, inclusive, and sustainable in coming years. The past two years were challenging, but the egg powder industries have stood the test of time and emerged

stronger and more confident to face the future.

While we are applying our learnings from the last two years of the pandemic to enhance the efficiencies of our operations and build robust export demand for egg powder, with minimum disruption in such exceptional circumstances, we also plan on reassessing our business plan this year to come up with better synergies on account of enhancing export price for Egg powder. In nutshell, the egg powder industries shall report good growth in both Top line as well as Bottom line during the current fiscal year 22-23. We, particularly SKM Egg products, focus on financial prudence and operational finesse to yield a commendable numbers during the current financial year.

SALES AND MARKETING:

Egg products international market is highly competitive one. The giants in the market are USA, Europe and China. In this situation, we, SKM Egg Products Export (India)Limited has established a very wide network in Russia, Europe, Far East, South East and Middle East Asian countries successfully. Since we are maintaining good relationship with customers, consistency in quality and timely delivery, we are able to maintain our success by getting repeat orders for the past 24 years, particularly from the major markets of Russia, Japan, Europe, Indonesia, Thailand, Vietnam, Nigeria, Taiwan, Dubai, etc.,

Normally it is very difficult to enter Japan and Europe markets where USA and European suppliers are delivering at competitive prices. But, with our management's support, our marketing and sales team has successfully established our market share in these markets and sells our products at competitive prices where quality of our products is at par with Europe and USA suppliers.

Further we are the first Asian company and the only company from India in egg products sector to enter Russian market. It is not so easy to enter this market as European suppliers are very strong in this region. Nearly after 4 years of hard work (fulfilling their Regulations and statutory requirement is so difficult), successfully we entered in this market in 2015-16 and now Russia is our important customer for our Egg Yolk variants. We are exporting around 60% of our egg yolk powder variants to Russia only.

Due to Russia-Ukraine war, there is big shortage in supply of egg products. Taking advantage of this situation, now we are expanding our market base in Europe and Asian countries.

Our new products of Chilled Egg Liquid & frozen egg liquid are highly acceptable in Europe, Middle East and South East Asian countries, and successfully penetrated in these markets. We are continuously exporting our egg liquid products in UAE and Middle East countries. And also two main customers in Oman and Dubai have already approved our liquid products and started buying it @ 3 containers per month. Further new customer in Thailand has already approved our Frozen Egg Yolk variant and buying it regularly. Like that now we have submitted sample of liquid and powder product to Philippines, Vietnam and Malaysia customers, and they approved the same. We expect to start shipments to these destinations with in this year. Now we have expanded our Whole Egg market in Denmark, Peru, Sweden, etc., Apart from this our egg yolk variants approved by Iran customers also, expect to start shipments shortly (if the regulation allow). Further, this we have restarted

our shipments to South Korea also.

In order to increase our market share and understand customer requirements, we are visiting customers at regular intervals and also visiting international food shows to expand market contacts.

Now we have entered new markets/customers in Ghana, Uganda, Nigeria, etc., also working to identify more customers in Madagascar, Korea, Europe, etc., We hope, to expand our sales in these markets within end of this financial year.

Further, we have started shipments of table eggs to Gulf countries in this year and negotiations are going with new buyers in the Gulf region.

Apart from the above, we have successfully entered domestic market with innovative egg products like, Egg Albumen cube, retail & whole sale pack of egg liquid variants, Egg protein health drinks, etc., There is good demand for these products in the domestic market and we are working to go for pan India basis.

SUBSIDIARY COMPANY:

Form No. MR-3
Secretarial Audit Report
For the financial year ended 31st March, 2021

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies]

To

The Members,

SKM Egg Products Export (India) Limited,

No 133, 133/1, Gandhiji Road,

Erode - 638001

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by SKM Egg Products Export (India) Limited(CIN: L01222TZ1995PLC006025) (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the period covered by my audit , that is to say-1st April 2021 to 31st March 2022(hereinafter referred to as 'Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent it was applicable during the Audit Period:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations 2018;
 - (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
- vi. The laws as are applicable specifically to the Company are as under:
1. Food Safety and Standards Act, 2006
 2. The Export (Quality Control and Inspection) Act, 1963

I have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulation to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with National Stock Exchange of India Limited and BSE Limited and SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015

During the audit period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above. I further report that the compliance of applicable financial laws including Direct and Indirect Tax Laws by the Company has not been reviewed in this Audit since the same has been subject to review by the Statutory Auditors and other designated professionals.

I further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof on test check basis, the Company has complied with the Industry specific laws as applicable to the Company.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. No change(s) in the composition of the Board of Directors took place during the period under review.

Adequate notice of meetings of the Board of Directors were given to all directors and agenda and detailed notes on agenda in respect of such meetings were sent at least seven days in advance, other than those held at shorter notice, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through and recorded as part of the Minutes of the Meetings. I did not find any dissenting directors' views in the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines subject to our specific observations in Annexure- B to this report

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SKM EGG PRODUCTS EXPORT (INDIA) LIMITED

Report on the Standalone financial statements

Opinion:

We have audited the accompanying standalone financial statements of M/s. SKM EGG PRODUCTS EXPORT (INDIA) LIMITED, ("the Company") (Registered Office at 133, 133/1, Gandhiji Street, Erode – 638 001), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (Including Other Comprehensive Income), the Statement of changes in equity and Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022; the Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of Standalone Financial Statements as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S No	Key Audit Matter	How our audit addressed the key audit matter
1	<p>Inventory Existence and Valuation:</p> <p>As on 31st March 2022, the Company carries inventories to the tune of Rs.92.77 crores.</p> <p>We considered the amount of inventories as a key audit matter given the relative size of the balance in the financial statements.</p> <p>Also there are complexities and manual process involved in determining inventory quantities on hand and valuation of the same due to the diverse & numerous inventory products and stocks held in overseas branch and price fluctuations of products. Therefore inventory quantities and valuation is identified as a key audit matter.</p>	<ul style="list-style-type: none"> • We have attended inventory counts for certain products, which we have selected based on financial significance and risk, observed management's inventory count procedures to assess the effectiveness, selected a sample of inventory products and compared the quantities counted to the quantities recorded and ensured inventory adjustments, if any, are recorded in the books of accounts. • With regard to the stocks held in the overseas branch, we have received the certificate from the overseas branch auditor and obtained management representation and verified the relevant documents relating to goods sent from head office to the branch. • Reviewed the internal audit report regarding physical verification of inventories and traced adjustments on sample basis. • Comparative analysis of inventory as at the end of the year with the inventory at the beginning of the year. • We assessed whether the management's controls relating to inventory's valuation are appropriately designed and implemented and verified the correctness of valuation made by the management on a sample basis, with regard to the cost and net realizable value of inventory.
2	<p>Amortisation of livestock:</p> <p>For the company, the primary raw material is the egg, which was used to be acquired from outside in large quantities and was also produced in-house in small quantities by the poultry farm owned by the company in earlier years. However, for the past 2 years, the company has started operating certain additional poultry farms and feed mills by taking the same on lease.</p>	<ul style="list-style-type: none"> • Examined the method used to amortize the livestock expenses with reference to the company's historical experience and technical evaluation by internal experts (doctors) appointed by management. • Evaluated the rationale in arriving at the amortization rate with regard to the number of eggs expected from birds during the laying stage, residual value of culled birds, manner and timing of amortization.

S No	Key Audit Matter	Auditor's Response
	<p>The amortization of livestock during the year amounts to 14.76 crores. Also there are complexities and manual process involved in arriving at the amortization rate considering a variety of factors such as age, productivity of the birds, life of birds, residual value, if any, etc., Therefore amortization of livestock is identified as a key audit matter.</p>	<ul style="list-style-type: none"> ● Analyzed the flow of transactions starting from accumulating the various expenditure incurred for raising the birds such as feeds, medicines, vaccines, growing and supervision charges, etc., till the birds attain laying stage. After the birds starts laying eggs, the expenses so accumulated are amortized over the useful life of the birds in proportion to the eggs laid after adjusting for the residual value of culled birds on the basis of past experiences and estimation. ● Assessed the objectivity and competence of the Company's internal experts involved in the process.
3	<p>Evaluation of Contingent liabilities:</p> <p>The company has an uncertain direct & indirect tax position and other contingent liabilities in respect of bills discounted which involve significant judgment to determine the possible outcome of these matters.</p>	<ul style="list-style-type: none"> ● Obtained the details of completed direct & indirect tax assessments and demands as on 31.03.2022 from the management. ● We have also reviewed the company's correspondences and appellate documents and considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions ● In respect of bills discounted, analyzed the history of the business transactions of the company with the debtors whose bills were discounted and the trend of payments made by the debtors in the past and also had taken into account the transactions occurring after the balance sheet date in assessing the recoverability of debtors for the bills discounted. ● Ascertained the chances of crystallization of liability are probable / possible / remote and ensured appropriate disclosure under Notes on accounts.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the holding company's annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone financial statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of Standalone financial statements:

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

We did not audit the financial statements / information of 1 branch (Foreign branch) (In Russia) included in the standalone financial statements of the Company whose financial statements / financial information reflect total assets of Rs.2,93,85,311/- as at 31st March, 2022 and total revenues of Rs.45,09,21,592/- for the year ended on that date, as considered in the standalone financial statements. The financial statements/information of this branch have not been audited by us and has been audited by Russian Auditor whose audit report has been furnished to us and our opinion is based on those Financial Statements received from the Branch Office and certified by the Russian Auditor. Our opinion is not qualified / modified in respect of this matter.

Report on Other Legal and Regulatory Requirements:

ANNEXURE - A

TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF SKM EGG PRODUCTS EXPORT (INDIA) LIMITED

Referred to in paragraph 1(f) under Report on Other legal and Regulatory Requirements of our Report of even date

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of **M/s. SKM EGG PRODUCTS EXPORT (INDIA) LIMITED, ("the Company")** as of 31 March 2022 in conjunction with our audit of the Standalone financial statements of the Company as at and for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the financial statements of the company and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control with reference to the financial statements of the company is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements:

Because of the inherent limitations of internal financial controls with reference to the financial statements of the company, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements of the company to future periods are subject to the risk that the internal financial control with reference to the financial statements of the company may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to the financial statements of the company and such internal financial controls with reference to the financial statements of the company were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

“ANNEXURE B”**TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE INDAS FINANCIAL STATEMENTS OF SKM EGG PRODUCTS EXPORT (INDIA) LIMITED**

Referred to in Paragraph 2 under the Heading of “Report on Other Legal and Regulatory Requirements” section of our report of even date

1. a. A. The Company is maintaining proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment:
 - B. The company does not have any intangible assets and hence the question of maintenance of records relating to intangible assets does not arise;
 - b. The Property, Plant and Equipment have been physically verified by the management at reasonable intervals and no material discrepancies were noticed on such verifications.
 - c. According to the information and explanations given to us and on the basis of our examination of the records of the company, the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
 - d. The company has not revalued its Property, Plant and Equipment (including Right of Use assets) during the year.
 - e. No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
2. a. The Management has conducted physical verification of inventory at reasonable intervals. In our opinion the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification.
 - b. According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company.
3. The Company during the year has not made investments in, provided any guarantee or security or granted any secured or unsecured loans to companies, firms, Limited Liability Partnerships or other parties during the year and hence the requirement to report under sub clauses (a) to (f) of this clause do not arise for consideration.

4. According to the information and explanations given to us and on the basis of our examination of the records, the Company has not granted any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013. Further, the company has complied with the provisions of Section 186 of the Companies Act, 2013 in relation to the investments made.
5. The Company has not accepted any deposits or any amounts which are deemed to be deposits from the public and hence this clause is inapplicable.
6. According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the products manufactured by it (and/ or services provided by it). Accordingly, this clause is not applicable to the company.
7.
 - a. According to the records of the company, the company is regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees state insurance, income-tax, sales-tax, service Tax, duty of customs, duty of excise, value added tax, cess and other statutory dues, to the extent applicable, with the appropriate authorities. According to the information and explanation given to us, no undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31st March, 2022 for a period of more than six months from the date they became payable.
 - b. Statutory dues referred to in sub-clause (a) on account of dispute, if any, pending as at 31st March, 2022 are given below:

Nature of the Statute	Nature of dues	Forum where the dispute is pending	Period to which the amount relates	Amount ₹ Lakhs
Central Excise Act, 1944	Excise Duty	CESTAT, Chennai	November, 2011 to March, 2014	5.59
Income Tax Act, 1961	Income Tax	High Court of Chennai	AY 2014-15 (FY 2013-14)	80.66
Finance Act, 1994	Service Tax	High Court of Chennai	January, 2005 to April, 2006	2.01
		High Court of Chennai	July, 2005 to March, 2006	7.93
		CESTAT, Chennai	April, 2006 to March, 2016	18.00
		Deputy Commissioner of Central Excise, Salem	April, 2014 to September, 2014	7.36
		CESTAT, Chennai	August, 2012 to March, 2015	43.97
		Assistant Commissioner of Central Excise & GST, Erode.	April, 2015 to March, 2017	39.64

8. According to the information and explanations given to us and on the basis of our examination of the relevant records of the company, there are no unrecorded transactions in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43of 1961).
9. On the basis of our examination of books of account and other relevant documents and according to the information and explanations given to us we report that:
- the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
 - the company has not been declared as a wilful defaulter by any bank or financial institution or other lender.
 - the term loans were applied for the purpose for which the loans were obtained.

- (d) the funds raised on short term basis have not been utilised for long term purposes.
 - (e) the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
 - (f) the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
10. (a) The company during the year has not raised any money by way of initial public offer or further public offer (including debt instruments) and hence this clause is inapplicable to the company.
- (b) The company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year and hence this clause is inapplicable to the company.
11. (a) According to the information and explanation given to us and from the audit procedures adopted by us, we are of opinion that, no fraud by the company or no fraud on the company has been noticed or reported during the year.
- (b) Consequent to fraud not being noticed or reported during the year, no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) There is no whistle-blower complaints received during the year by the company;
12. The Company is not a “Nidhi company” and hence sub clauses (a) to (c) of this clauses are inapplicable to the company.
13. According to the information and explanation given to us, and on the basis of verification of books of accounts & financial statements, we are of the opinion that all transactions with the related parties are in compliance with Section 177 and 188 of the Companies Act, 2013, and the details have been disclosed in the financial statements as required by the applicable accounting standards.
14. (a) The company has an internal audit system commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditors for the period under audit have been considered.
15. According to the information and explanation given to us and from our audit observation, we are of opinion that, the company has not entered into any non-cash transactions with its directors or persons connected with them and hence this clause is inapplicable to the company.

16. The company is not a Non-banking financial company and hence the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and hence the requirement to get registered under Reserve Bank of India Act, 1934 does not arise. The company is also not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence sub clauses (a) to (d) of this clause is inapplicable to the company.
17. The company has not incurred any cash losses in the financial year and in the immediately preceding financial year.
18. There has not been any resignation of the statutory auditors during the year and hence this clause is inapplicable to the company.
19. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, we are of the opinion that no material uncertainty exists as on the date of the audit report and that the company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
20. On the basis of our examination of books of account and other relevant documents and according to the information and explanations given to us we report that there are no unspent amount relating to the Corporate Social Responsibility (CSR) provisions in accordance with Section 135 of the Act and hence the requirement to report under sub clauses (a) & (b) of this clause do not arise for consideration.

The Company is an Export Oriented Undertaking engaged in the production and sale of eggs and manufacture and sale of Egg Products. The company's revenue is mainly on account of export of egg products.

SIGNIFICANT ACCOUNTING POLICIES:**BASIS OF PREPARATION AND PRESENTATION:**

The financial statements have been prepared on the historical cost basis except for the following assets and liabilities which have been measured at fair value amount :

- i) Certain financial assets and liabilities (including derivative instruments)
- ii) Defined benefit plans - plan assets

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of transactions involving sale of goods to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents, the Company has considered an operating cycle of 12 months.

STATEMENT OF COMPLIANCE:

These financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS'), notified under Section 133 of the Companies Act, 2013 (the Act), read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Effective April 1, 2017, the Company has adopted all the applicable Ind AS Standards and the adoption was carried out in accordance with Ind AS 101, First Time adoption of Indian Accounting Standards, with April 1, 2016 as the transition date. The transition was carried out from Indian Accounting Principles Generally Accepted in India (Indian GAAP), as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP), which was the previous GAAP.

Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the Accounting Policy hitherto adopted.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022**FUNCTIONAL AND PRESENTATION CURRENCY**

The financial statements are presented in Indian rupees, the national currency of India, which is the functional currency of the company.

Figures are rounded off to the nearest lakhs with two decimal places.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Inventories**

Inventories are valued in line with Ind AS 2 - Inventories. Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition. . The formula used for arriving at the cost for various items of inventories are as follows:

- i) Raw materials Weighted Average Cost
- ii) Packing Materials Weighted Average Cost
- iii) Additives Weighted Average Cost
- iv) Stores & Spares Weighted Average Cost
- v) Semi-finished goods Weighted Average Cost
- vi) Finished goods FIFO
- vii) Livestock Weighted Average Cost

Revenue Recognition

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from sale of goods is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue is recognised and expenditure is accounted for on their accrual

Sales of Finished goods, Eggs, Birds & Feeds are recognised on accrual basis and are accounted for in the books of accounts on the dates on which the goods are actually despatched from the Factory, Farm, Feedmill respectively.

Interest Income :

Interest income from a financial asset is recognised using effective interest rate method.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022**Dividend Income :**

Revenue on account of dividend income recognised when the Company's right to receive the payment has been established.

Government grants / assistance :

Revenue from grants, subsidies or government assistance in any form are recognised when the Company's right to receive the payment has been established.

"Grants from the Government are recognized at their fair market value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions. Government grants receivable as compensation for expenses or financial support are recognized in profit or loss of the period in which it becomes available. "

Government grants relating to the purchase of property, plant and equipment are shown by way of reduction from the value of the Property, plant & equipment in accordance with the amended Ind AS 20 - Accounting for Government Grants and Disclosure of Government Assistance.

Finance Cost

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Leases

The Company, as a lessee, recognises a right of use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right of use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing cash flows. At the date of commencement of the lease, the Company recognizes a right-of-use ("ROU") asset representing its right to use the underlying asset for the lease term and a lease liability for all lease arrangements in which it is a lessee except for leases with a term of 12 months or less (short term leases) and leases for which the underlying assets is of low value. For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Since the company does not have any potential equity shares, the basic earnings per share and diluted earnings per share are the same for the company.

Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Tax Expenses:

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities based on the tax rates that are enacted or substantively enacted at the Balance Sheet date.

The current income tax expense includes income taxes payable by the Company and its branch in overseas. The current tax payable by the Company in India is the Indian income tax payable on income earned in India and from overseas branch. Current income tax payable by overseas branch of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The taxes paid are generally available for set off against the Indian income tax liability of the Company's worldwide income.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022**Deferred Tax:**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Cash Flow Statements

Cash Flow Statement has been prepared under "Indirect Method". For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under borrowings within current liabilities.

Property, plant & equipment:

Property, plant & equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net changes on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use are considered as pre-operative expenses and disclosed under Capital Work-in-progress

Depreciation on property, plant & equipment is provided on straight line method as per the useful life prescribed in Schedule II of the Companies Act 2013, except for imported plant & machinery for which the useful life has been taken based upon the technical evaluation by the expert committee on the useful life of the assets. In respect of assets added/adjusted during the year, depreciation is provided on pro-rata basis.

The residual values, useful lives and method of depreciation of property, plant & equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant & equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022**Foreign currencies transactions and translation:**

Transactions in foreign currencies are recorded at the exchange rate prevailing on the dates of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting rate.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively.

Employee Benefits Expense:**Short Term Employment Benefits:**

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits:**Defined Contribution Plans:**

A defined contribution plan is a post-employment benefit plan under which the company pays specified contributions to the specific entity. The company makes specified monthly contributions towards Provident Fund and Pension Scheme. The company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans:

The gratuity liability amount is contributed to the gratuity fund approved by the respective IT authorities. The present value of the obligation is determined based on actuarial valuation using the Projected Unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

Impairment of non-financial assets - property, plant and equipment:

The company assesses at each reporting date as to whether there is any indication that any property, plant and equipment or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds the recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

Events after the reporting period

"Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size and of nature are only disclosed."

CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the company's financial statement requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Depreciation / amortisation and useful lives of property, plant and equipment and Livestock:

Property, plant and equipment / Livestock are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for the future periods is revised if there are significant changes from previous estimates.

Recoverability of trade receivable:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Impairment of non-financial assets:

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Global Health Pandemic on COVID-19:

The outbreak of corona virus (COVID-19) pandemic globally and in India has caused significant disturbance and slowdown of economic activity. Particularly, the Company's export operations and export revenue during the period were impacted due to COVID-19. The Company has taken into account the possible impact of COVID-19 in preparation of financial statements, including its assessment of recoverable value of its assets based on internal and external information upto the date of approval of these financial statements and current indicators of future economic conditions.

Accounting for Government Grants and Disclosure of Government Assistance:

The Government Grants are accounted in line with IND AS 20 - "Accounting for Government Grants and Disclosure of Government Assistance".

Unfulfilled conditions and other contingencies attaching to government assistance that has been recognised - Nil.

The grant was received towards the acquisition of PPE (Property, Plant & equipments) during the years spanning from 2018-19 to 2020-21 and accordingly treated as a capital grant and adjusted against the cost. The value of Property, Plant & Equipments is disclosed net of government grants received from MOFPI (Ministry of Food Processing Industries) of Rs.488.72 lakhs.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

Borrowings secured against current assets:

The company has borrowings from banks on the basis of security of current assets. The quarterly returns or statements of current assets filed by the company with banks are in agreement with the books of accounts.

APPROVAL OF FINANCIAL STATEMENTS:

The Financial Statements were approved for issue by the board of directors at their meeting held on 30.05.2022.

Ind AS - 12 - Income Taxes

Consequent to the appeal preferred by the income tax department with the Honourable ITAT, Chennai for the Assessment Year 2014-15, the appeal hitherto allowed in favour of the company by CIT (Appeals) was dismissed by the Income Tax Appellate Tribunal and verdict was pronounced in favour of the income tax department. Hence, an amount of Rs.80.66 lakhs demand (net of refund receivable) had arisen. However, the company had filed an appeal against this ITAT order with the High Court of Chennai. since the company is confident of coming out successful in the Appeals as per the advice taken from the legal experts, no provision have been made in the books for the said income tax liability and disclosed as a contingent liability.

Last year the company had informed that the carried forward losses under the Income Tax Act,1961 of the earlier assessment year A.Y.2013-14 amounting to Rs.3.59 crores have been reduced by the Assessing Officer while completing the assessment by making some adjustments to the returned Loss and that the Company has preferred appeals before the immediate superior authority which appeals are pending for disposal as on the date of the financial reports and since the adjustments have resulted only in the reduction of carry forward losses, there is no immediate demand raised and hence, conservatively the said losses have not been considered while filing return of income for the relevant assessment years and that the tax impact on account of the said issue would be approximately Rs.1.20 crores. The matter is still pending before the Commissioner of Income Tax Appeals - NFAC, New Delhi for disposal.

During the financial year, a search operation was carried out by the Investigation Wing, Chennai on the Assessee. However no incriminating materials were found as to the undisclosed income. The search related assessment is yet to commence at

the Assessment Circle being the Central Circle, Salem to which office the assessment has been centralised and the assessment proceedings are yet to commence as on the date of approval of the financial statements by the Board of Directors.

Amendments:**Ind AS - 16 - Property Plant and equipment :**

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has not earned any revenue from test runs of assets capitalised/work in progress during the year.

The amendments carried out with respect to the following Ind AS did not have any significant impact on the financial statements of the company for the year:

Ind AS 103 - Business combinations

Ind AS 37 - Provisions, Contingent liabilities & contingent assets

Ind AS 109 - Financial Instruments

Ind AS 116 - Leases

Amendment to Division II to Schedule III:

MCA vide notification dated 24.03.2021 made certain modifications to Schedule II (Division II) disclosure requirements and certain additional disclosure requirements to Financial statements have been introduced. These amendments are effective and applicable for the financial statements from 01.04.2021. Accordingly, these amendments have been considered necessary disclosures that are applicable have been made. The comparatives have also been presented in line with the amendments made to Division II Schedule III.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022**Depreciation:**

Depreciation has been provided under Straight Line Method on the basis of useful lives prescribed under Schedule II of the Companies Act, 2013, except for the Imported Plant & Machinery, whose useful life is different from that prescribed in Schedule II of the Companies Act, 2013 and its useful life is adopted on the basis of engineering & other expert guidance and depreciated accordingly as follows:

Imported Plant & Machinery acquired upto 31.03.2007	Useful life - 25 years
Imported Plant & Machinery acquired from 01.04.2007 to 31.03.2015	Useful life - 20 years

Impairment of Assets :

The recoverable amount of the CGU is determined on the basis of Fair Value less Cost of Disposal (FVLCD). The FVLCD of the CGU is determined based on the market capitalization approach, using the turnover and earnings multiples derived from observable market data. The fair value measurement is categorized as a level 3 fair value based on the inputs in the valuation techniques used.

Based on the above, no impairment was identified as of March 31, 2022 and 2021 as the recoverable value of the CGUs exceeded the carrying value. Further, none of the CGU's tested for impairment as of March 31, 2022 and 2021 were at risk of impairment. An analysis of the calculation's sensitivity to a change in the key parameters (revenue growth, operating margin, discount rate and long-term growth rate) based on reasonably probable assumptions, did not identify any probable scenarios where the CGU's recoverable amount would fall below its carrying amount.

Mortgage / Charge on Property, plant & equipments:

Plant & Machinery are under the first charge on account of the Term Loan with banks.

The property, plant & equipments are under the second charge for short term borrowings with banks.

Government Grants:

The value of property, plant & equipments is disclosed net of government grants received from MOFPI (Ministry of Food Processing Industries) of Rs.4,88,72,000/- during 2018-19 to 2020-21.

Ratio	Reasons for change of more than 25% as compared to the preceding year
Debt Equity Ratio	The company during the year had availed additional PCFC Loan of Rs.20 crores to finance the working capital requirements. Also during the year, term loan of Rs.5.04 crores was availed to acquire the Machinery. Hence, there is an increase in loan funds during the year by around Rs.25.04 crores due to which there is a considerable change in the debt equity ratio.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

Debt Service Coverage Ratio	The company during the year had availed term loan of Rs.5.04 crores to acquire the Machinery. Hence, there is an increase in term loan by Rs.5.04 crores as compared to the preceding year. Hence, there is a considerable change in the debt service coverage ratio.
Return on Equity Ratio	The government had withdrawn the subsidy given to the company in the form of MEIS license from the year 2020-21. Hence, there is a substantial decline in the net profitability of the company. Hence, there is a considerable change in the return on equity ratio. Also the outbreak of corona virus (COVID-19) pandemic globally and in India has caused significant disturbance and slowdown of economic activity. Particularly, the Company's export operations and export revenue in terms of export realisation per unit (price of the product) during the period were impacted due to COVID-19.
Trade Payables Turnover Ratio	The company during the year had availed additional PCFC Loan of Rs.20 crores to finance the working capital requirements and hence has been able to manage and pay the creditors and has been able to bring down the average period of outstanding creditors from 31 days to 23 days.
Net Profit Ratio	The government had withdrawn the subsidy given to the company in the form of MEIS license from the year 2020-21. Hence, there is a substantial decline in the net profitability of the company. Hence, there is a considerable change in the return on equity ratio. Also the outbreak of corona virus (COVID-19) pandemic globally and in India has caused significant disturbance and slowdown of economic activity. Particularly, the Company's export operations and export revenue in terms of export realisation per unit (price of the product) during the period were impacted due to COVID-19.
Return on Capital employed	The government had withdrawn the subsidy given to the company in the form of MEIS license from the year 2020-21. Hence, there is a substantial decline in the net profitability of the company. Hence, there is a considerable change in the return on equity ratio. Particularly, the Company's export operations and export revenue in terms of export realisation per unit (price of the product) during the period were impacted due to COVID-19.
Return on investment	The government had withdrawn the subsidy given to the company in the form of MEIS license from the year 2020-21. Hence, there is a substantial decline in the net profitability of the company. Hence, there is a considerable change in the return on equity ratio. Also the outbreak of corona virus (COVID-19) pandemic globally and in India has caused significant disturbance and slowdown of economic activity. Particularly, the Company's export operations and export revenue in terms of export realisation per unit (price of the product) during the period were impacted due to COVID-19.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022**15. FINANCIAL INSTRUMENTS:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss ('FVTPL')) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

"Trade receivables are initially recognised when they are originated. Trade payables are in respect of the amount due on account of goods purchased or services availed in the normal course of business. They are recognised at their transaction and services availed value if the transaction do not containsignificant financing component."

a) Financial Assets**(i) Recognition and initial measurement**

All financial assets are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through Statement of Profit or Loss ('FVTPL')) are added to the fair value of the financial assets, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets at FVTPL are recognized immediately in Statement of Profit and Loss.

(ii) Subsequent measurement**Debt instruments at amortised cost:**

"A 'debt instrument' is measured at the amortized cost if both the following conditions are met:"

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

"After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables."

Debt instrument at FVTOCI:

A 'debt instrument' is classified as FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

- "Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI)."

Debt instrument at FVTPL:

"FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as amortized cost or as FVTOCI, is classified as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss."

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as FVTPL. However, such election is chosen only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

(iii) De-recognition of financial assets

A financial asset is de-recognised only when;

- The entity has transferred the rights to receive cash flows from the financial asset or
- The entity retains the contractual rights to receive the cash flows of the financial asset, but expects a contractual obligation to pay the cash flows to one or more recipients.

Where entity has transferred an asset, it examines and assesses whether it has transferred substantially all risk and rewards of ownership of financial asset. In such cases, financial asset is de-recognised. Where entity has not transferred substantially all risks and rewards of ownership of financial asset, such financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risk and rewards of ownership of the financial asset, the financial asset is de-recognised, if the Group has not retained control of the financial asset. Where the entity retains control of the financial asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(iv) Investments in Equity Instruments in Subsidiary and Associates:

The Company has elected to carry investment in Equity Instruments in Subsidiary and Associates at cost in accordance with Paragraphs 10 of 'Ind AS 27 – Separate Financial Statements'.

b) Financial liabilities and equity instruments**(i) Initial recognition and measurement**

"All financial liabilities are recognized initially at fair value plus transaction cost (if any) that is attributable to the acquisition of the financial liabilities which is also adjusted."

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are de-recognised

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Trade and other payables:

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period. For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after 12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortised cost unless designated at fair value through profit and loss at the inception.

Other financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading or designated as at FVTPL are recognized in the profit or loss.

(iii) Derecognition of financial liabilities:

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

c) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

d) Impairment of Financial assets

"The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or alltrade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition."

e) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability which are accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Valuation:

The financial instruments are initially recognized and subsequently re-measured at fair value as described below :

- The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates and yield curves at the balance sheet date.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- All foreign currency denominated assets and liabilities using exchange rate at the reporting date.

Fair Value measurement hierarchy:

The fair value of cash and cash equivalents, other bank balances, loans, trade receivables, trade payables and others approximates their carrying amount. The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques. The fair valuation of various financial assets are done by adopting Level 3 category valuation.

Level 1 :

Quoted prices (unadjusted) in active markets for identical assets and liabilities.

f) **Derivative financial instruments**

Derivative financial instruments are accounted for at FVTPL except for derivatives designated as hedging instruments in cash flow hedge relationships, which require a specific accounting treatment. To qualify for hedge accounting, the hedging relationship must meet several strict conditions with respect to documentation, probability of occurrence of the hedged transaction and hedge effectiveness. These arrangements have been entered into to mitigate currency exchange risk arising on account of repayment of foreign currency term loan and interest thereon.

16. CAPITAL MANAGEMENT - ADDITIONAL CAPITAL DISCLOSURES:

The Company adheres to the Capital Management framework which is underpinned by the following guiding principles:

- (a) The key objective is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business.
- (b) Leverage optimally in order to maximize shareholder returns while maintaining strength and flexibility of the Balance Sheet.
- (c) The Company also focusses on keeping strong total equity base to ensure independence, security, as well as a high financial flexibility for potential future borrowings, if required without impacting the risk profile of the Company.
- (d) Proactively manage exposure in forex, interest and commodities to mitigate risk to earnings.
- (e) The Company's goal is to continue to be able to return excess liquidity to shareholders to distribute annual dividends in future years.

This framework is adjusted based on underlying macro-economic factors affecting business environment, financial market conditions and interest rates environment.

The capital structure of the company is as follows:

Expected rate of return on Plan Assets (Per annum)	7.00%	7.00%
Rate of escalation in salary (Per annum)	6.50%	6.50%

The data required for disclosing information with regard to sensitivity analysis is not made available by the Actuary despite the concerted attempts made by the company to gather the information in this regard and hence the information relating to sensitivity analysis in terms of the amount of responsiveness and the financial impact consequent to change in discount rate, change in rate of salary escalation and change in rate of employee turnover (while holding all the other factors constant), have not been provided for during the year.

These plans typically expose the company to actuarial risks such as:

Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk:

A decrease in the bond interest rate will increase the plan liability, however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

29. SEGMENT INFORMATION:

The Company's operating segments are established on the basis of those components that are evaluated regularly by the Executive Committee (the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.

i) Primary Segment Information:

The company had taken certain poultry farms and feed mills on lease and had started operating the said leased poultry farms and feedmills from the year 2020-21. Accordingly, the eggs and feeds which were purchased and sold was hitherto a trading activity. From the year 2020-21, the company uses the leased poultry farms and manufactures eggs and either sells it outside or uses the eggs as raw material for its own production. Also using the leased feedmills, the feeds are manufactured and it is either sold outside or used as raw material (food) for the birds in the poultry farm. Hence, during this year, there is no trading activity and the activity of feed manufacture and production of poultry eggs is an ancillary and supplemental activity and also a backward integration to the company's manufacture of various egg products. Accordingly, there are no reportable segments to be given under the primary segment information.

ii) Secondary Segment Information:

The Company has five geographic segments: India, Japan, Russia, Europe and Rest of the world. Revenues from the geographic segments based on domicile of the customer are as follows:

Foreign currency risk:

The company is essentially an Export Oriented Undertaking and makes significant exports and has availed Working Capital Loan (Packing Credit) in Foreign currency and also imports goods, stores & spares occasionally. The Company is exposed to foreign currency risk on these transactions. The Company follows a conservative and sound policy by entering into simple Forward Exchange Contracts to hedge the foreign currency risk whose maturity is coterminous with the maturity period of the foreign currency liabilities and receivables.

The following table shows the foreign currency exposure in USD and EUR on financial statements at the end of the reporting period. The exposure to foreign currency for all other currencies are not material.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022
Interest rate risk:

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has availed significant Foreign Currency Working Capital Loan (In USD as well as Euro) by way of Packing Credit at floating interest rates. The interest rate is at 1% (spread) plus LIBOR rate of respective Bank and the interest rate is reset based on the LIBOR rate, as per the loan facility agreement. The Company has not entered into any of the interest rate swaps and hence, the Company is exposed to interest rate risk.

The Company considering the economic environment in which it operates has determined the interest rate sensitivity analysis (interest exposure) at the end of the reporting period. The interest rate for the Company are floating rates and hence, the analysis is prepared assuming the amount of the borrowings outstanding at the end of the reporting period was outstanding for the whole year. A 100 basis point +/- fluctuation in the interest rate is used for disclosing the sensitivity analysis.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows

The interest rate sensitivity analysis is done holding on the assumption that all other variables remaining constant. The increase / decrease in interest expense is mainly attributable to the Company's exposure to interest rates on its variable rate of borrowings.

Commodity price risk:

Commodity price risk arises due to fluctuation in prices of eggs, feeds and other products. The company has a risk management framework aimed at prudently managing the risk by reducing the external dependability and enhancement of self reliance by manufacturing the commodities in house to the extent possible.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022
Credit risk:

Credit risk is a risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due, causing financial loss to the company. Credit risk arises from Company's outstanding receivables from customers and other parties. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities. The Company ensures that sales of products are made to customers with appropriate creditworthiness. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Geographic concentration of credit risk:

Geographic concentration of trade receivables is as follows:

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss, the company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH ' 2022
Liquidity risk:

Liquidity risk arises from the company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and cash equivalents. This has been achieved by the company by maintaining cash & cash equivalents of Rs.1,768.40 lakhs as on 31st March 2022 and Rs.1,044.20 lakhs as on 31st March 2021. Liquidity risk is also mitigated by maintaining availability of standby funding through an adequate line up of committed credit facilities. This has been achieved by the company by availing the Packing Credit facility from the bank of Rs.7,282.35 lakhs as on 31st March 2022 and Rs.5,259.65 lakhs as on 31st March 2021.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SKM EGG PRODUCTS EXPORT (INDIA) LIMITED

Report on the Consolidated Financial Statements

Opinion:

We have audited the accompanying consolidated financial statements of **M/s. SKM EGG PRODUCTS EXPORT (INDIA) LIMITED**, (hereinafter referred to as “the Holding Company”) and its subsidiary (the Holding Company and its subsidiary together referred to as “the Group”) and its associate which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (Including Other Comprehensive Income), the Consolidated Statement of changes in equity and the Consolidated Statement of Cash Flows for the year then ended and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the group as at 31st March, 2022; the consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of Consolidated Financial Statements as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S No	Key Audit Matter	How our audit addressed the key audit matter
<p>1</p>	<p>Inventory Existence and Valuation:</p> <p>As on 31st March 2022, the group carries inventories to the tune of Rs.92.84 crores out of which the holding company carries inventories to the tune of Rs.92.77 crores.</p> <p>We considered the amount of inventories as a key audit matter given the relative size of the balance in the financial statements.</p> <p>Also there are complexities and manual process involved in determining inventory quantities on hand and valuation of the same due to the diverse & numerous inventory products and stocks held in overseas branch and price fluctuations of products. Therefore inventory quantities and valuation is identified as a key audit matter.</p>	<ul style="list-style-type: none"> • We have attended inventory counts for certain products, which we have selected based on financial significance and risk, observed management's inventory count procedures to assess the effectiveness, selected a sample of inventory products and compared the quantities counted to the quantities recorded and ensured inventory adjustments, if any, are recorded in the books of accounts. • With regard to the stocks held in the overseas branch, we have received the certificate from the overseas branch auditor and obtained management representation and verified the relevant documents relating to goods sent from head office to the branch. • Reviewed the internal audit report regarding physical verification of inventories and traced adjustments on sample basis. • Comparative analysis of inventory as at the end of the year with the inventory at the beginning of the year. • We assessed whether the management's controls relating to inventory's valuation are appropriately designed and implemented and verified the correctness of valuation made by the management on a sample basis, with regard to the cost and net realizable value of inventory.
<p>2</p>	<p>Amortisation of livestock:</p> <p>For the holding company, the primary raw material is the egg, which was used to be acquired from outside in large quantities and was also produced in-house in small quantities by the poultry farm owned by the company in earlier years. However, for the past 2 years, the company has started operating certain additional poultry farms and feed mills by taking the same on lease.</p>	<ul style="list-style-type: none"> • Examined the method used to amortize the livestock expenses with reference to the company's historical experience and technical evaluation by internal experts (doctors) appointed by management. • Evaluated the rationale in arriving at the amortization rate with regard to the number of eggs expected from birds during the laying stage, residual value of culled birds, manner and

S No	Key Audit Matter	Auditor's Response
	<p>The amortization of livestock during the year amounts to 14.76 crores. Also there are complexities and manual process involved in arriving at the amortization rate considering a variety of factors such as age, productivity of the birds, life of birds, residual value, if any, etc., Therefore amortization of livestock is identified as a key audit matter.</p>	<p>timing of amortization.</p> <ul style="list-style-type: none"> ● Analyzed the flow of transactions starting from accumulating the various expenditure incurred for raising the birds such as feeds, medicines, vaccines, growing and supervision charges, etc., till the birds attain laying stage. After the birds starts laying eggs, the expenses so accumulated are amortized over the useful life of the birds in proportion to the eggs laid after adjusting for the residual value of culled birds on the basis of past experiences and estimation. ● Assessed the objectivity and competence of the Company's internal experts involved in the process.
3	<p>3 Evaluation of Contingent liabilities:</p> <p>The company has an uncertain indirect tax position and other contingent liabilities in respect of bills discounted which involve significant judgment to determine the possible outcome of these matters." Obtained the details of completed indirect tax assessments and demands as on 31.03.2022 from the management.</p>	<ul style="list-style-type: none"> ● We have also reviewed the company's correspondences and appellate documents and considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions ● In respect of bills discounted, analyzed the history of the business transactions of the company with the debtors whose bills were discounted and the trend of payments made by the debtors in the past and also had taken into account the transactions occurring after the balance sheet date in assessing the recoverability of debtors for the bills discounted. ● Ascertained the chances of crystallization of liability are probable / possible / remote and ensured appropriate disclosure under Notes on accounts.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the holding company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this 'other information'; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated financial statements:

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associates, in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the Companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and its associate are responsible for assessing the ability of the group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective board of directors of the companies included in the group and of its associate are responsible for overseeing the financial reporting process of the group and of its associate.

Auditor's Responsibility for the Audit of Consolidated financial statements:

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the group and its associate to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the Consolidated Financial statements. For the foreign subsidiary included in the Consolidated Financial statements, which is unaudited as on the date of furnishing this report, the management of the holding company remain responsible for the direction, supervision and performance of the audit of the subsidiary company and for the associate included in the Consolidated Financial statements, which is yet to be audited by other Independent auditors and remaining unaudited as on the date of furnishing this report, such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned

scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements / information of 1 branch (Foreign branch) (In Russia) included in the standalone financial statements of the Company whose financial statements / financial information reflect total assets of Rs.2,93,85,311/- as at 31st March, 2022 and total revenues of Rs.45,09,21,592/- for the year ended on that date, as considered in the standalone financial statements. The financial statements/information of this branch have not been audited by us and has been audited by Russian Auditor whose audit report has been furnished to us and our opinion is based on those Financial Statements received from the Branch Office and certified by the Russian Auditor. Our opinion is not qualified / modified in respect of this matter.

The consolidated financial results includes the unaudited financial statements / financial information of 1 subsidiary whose financial statements / financial information reflect total assets of Rs.6,53,77,717/- as at 31st March, 2022, total revenue of Rs.10,73,16,497/-, total net loss after tax of Rs.13,67,717/-, total comprehensive income of Rs.46,28,419/- and cash inflows (net) of Rs.1,98,21,996/-for the year ended on that date, as considered in the consolidated financial statements, whose financial statements / financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Management. Our opinion is not modified in respect of this matter.

The consolidated financial results also includes the Group's share of net loss after tax of Rs.31,02,196/- and total comprehensive loss of Rs.30,62,671/- for the year ended 31st March, 2022, as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements / financial information have not been audited by us. These financial statements/ financial information are unaudited and have been furnished to us by the Management and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and associate, is based solely on such unaudited financial statements/financial information. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements:

As required by section 143(3) of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.

- b) In our opinion proper books of account as required by law relating to the preparation of aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder.
- e) On the basis of written representations received from the directors of the holding company as on March 31, 2022 taken on record by the Board of Directors of the holding company, none of the directors is disqualified as on March 31, 2022, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements, the holding company has only one foreign subsidiary (SKM Europe BV, Utrecht, The Netherlands) and one Indian associate (SKM Universal Marketing Company India Private Limited). As regards the foreign subsidiary, it is a company incorporated outside India and has business operations outside India and hence the company is not a company under the Companies Act, 2013 and reporting on the adequacy of the internal financial controls over financial reporting regarding subsidiary is not warranted as the provisions are applicable only to Indian subsidiaries. As regards the Indian associate, as the financial statements of the associate have not been audited as on the date of furnishing the report, we are not in a position to report on the Internal Financial Controls over Financial Reporting on Consolidated Financial Statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and according to the information and the explanations given to us, the remuneration paid / provided by the holding company during the year to its directors is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group. – Also Refer Note No 2(ii) of Notes on Accounts to the Consolidated financial statements;
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses and hence provisions are not warranted in consolidated financial statements.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the holding company.
- iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the holding

company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the holding company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the holding company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the holding company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.
- iv. The final dividend proposed, declared and paid by the company during the year is in compliance with Section 123 of the Act, as applicable.
- 2) As required by the Companies (Auditor's Report) Order, 2020 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the “Annexure - A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022**1. GENERAL INFORMATION & COMPANY BACKGROUND**

SKM Egg Products Export India Limited ("the company") is a public listed company incorporated and domiciled in India.

The address of its registered office is No.133, 133/1, Gandhiji Street, Erode - 638001 and the address of the principal place of business is Cholangapalayam, Erode which addresses are also disclosed in the introduction to the annual report. The Company has its primary listing with Bombay Stock Exchange and National Stock Exchange in India.

The Company is an Export Oriented Undertaking engaged in the production and sale of eggs and manufacture and sale of Egg Products. The company's revenue is mainly on account of export of egg products.

SIGNIFICANT ACCOUNTING POLICIES:**BASIS OF PREPARATION AND PRESENTATION:**

The financial statements have been prepared on the historical cost basis except for the following assets and liabilities which have been measured at fair value amount :

- i) Certain financial assets and liabilities (including derivative instruments)
- ii) Defined benefit plans - plan assets

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of transactions involving sale of goods to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents, the Company has considered an operating cycle of 12 months.

STATEMENT OF COMPLIANCE:

These financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS'), notified under Section 133 of the Companies Act, 2013 (the Act), read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Effective April 1, 2017, the Company has adopted all the applicable Ind AS Standards and the adoption was carried out in accordance with Ind AS 101, First Time adoption of Indian Accounting Standards, with April 1, 2016 as the transition date. The transition was carried out from Indian Accounting Principles Generally Accepted in India (Indian GAAP), as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP), which was the previous GAAP.

Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the Accounting Policy hitherto adopted.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

FUNCTIONAL AND PRESENTATION CURRENCY

The financial statements are presented in Indian rupees, the national currency of India, which is the functional currency of the company.

Figures are rounded off to the nearest lakhs with two decimal places.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Inventories**

Inventories are valued in line with Ind AS 2 - Inventories. Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any, except in case of by-products which are valued at net realisable value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition. . The formula used for arriving at the cost for various items of inventories are as follows:

- | | |
|------------------------|-------------------------|
| i) Raw materials | - Weighted Average Cost |
| ii) Packing Materials | - Weighted Average Cost |
| iii) Additives | - Weighted Average Cost |
| iv) Stores & Spares | - Weighted Average Cost |
| v) Semi-finished goods | - Weighted Average Cost |
| vi) Finished goods | - FIFO |
| vii) Livestock | - Weighted Average Cost |

Revenue Recognition

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

Revenue from sale of goods is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue is recognised and expenditure is accounted for on their accrual

Sales of Finished goods, Eggs, Birds & Feeds are recognised on accrual basis and are accounted for in the books of accounts on the dates on which the goods are actually despatched from the Factory, Farm, Feedmill respectively.

Interest Income :

Interest income from a financial asset is recognised using effective interest rate method.

Dividend Income :

Revenue on account of dividend income recognised when the Company's right to receive the payment has been established.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

Government grants / assistance :

Revenue from grants, subsidies or government assistance in any form are recognised when the Company's right to receive the payment has been established.

Grants from the Government are recognized at their fair market value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions. Government grants receivable as compensation for expenses or financial support are recognized in profit or loss of the period in which it becomes available.

Government grants relating to the purchase of property, plant and equipment are shown by way of reduction from the value of the Property, plant & equipment in accordance with the amended Ind AS 20 - Accounting for Government Grants and Disclosure of Government Assistance.

Finance Cost

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

Leases

The Company, as a lessee, recognises a right of use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right of use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

Lease liability and ROU asset are separately presented in the Balance Sheet and lease payments are classified as financing

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

cash flows. At the date of commencement of the lease, the Company recognizes a right-of-use (“ROU”) asset representing its right to use the underlying asset for the lease term and a lease liability for all lease arrangements in which it is a lessee except for leases with a term of 12 months or less (short term leases) and leases for which the underlying assets is of low value. For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

Earnings Per Share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Since the company does not have any potential equity shares, the basic earnings per share and diluted earnings per share are the same for the company.

Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Tax Expenses:

The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

Current tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities based on the tax rates that are enacted or substantively enacted at the Balance Sheet date.

The current income tax expense includes income taxes payable by the Company and its branch in overseas. The current tax payable by the Company in India is the Indian income tax payable on income earned in India and from overseas branch. Current income tax payable by overseas branch of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The taxes paid are generally available for set off against the Indian income tax liability of the Company's worldwide income.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

Deferred Tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Cash Flow Statements

Cash Flow Statement has been prepared under "Indirect Method". For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under borrowings within current liabilities.

Property, plant & equipment:

Property, plant & equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net changes on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use are considered as pre-operative expenses and disclosed under Capital Work-in-progress

Depreciation on property, plant & equipment is provided on straight line method as per the useful life prescribed in Schedule II of the Companies Act 2013, except for imported plant & machinery for which the useful life has been taken based upon the technical evaluation by the expert committee on the useful life of the assets. In respect of assets added/adjusted during the year, depreciation is provided on pro-rata basis.

The residual values, useful lives and method of depreciation of property, plant & equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant & equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Foreign currencies transactions and translation:

Transactions in foreign currencies are recorded at the exchange rate prevailing on the dates of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting rate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively.

Employee Benefits Expense:**Short Term Employment Benefits:**

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits:**Defined Contribution Plans:**

A defined contribution plan is a post-employment benefit plan under which the company pays specified contributions to the specific entity. The company makes specified monthly contributions towards Provident Fund and Pension Scheme. The company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans:

The gratuity liability amount is contributed to the gratuity fund approved by the respective IT authorities. The present value of the obligation is determined based on actuarial valuation using the Projected Unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

Impairment of non-financial assets - property, plant and equipment:

The company assesses at each reporting date as to whether there is any indication that any property, plant and equipment or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the CGU to which the asset belongs. group of assets, called cash generating units (CGU) may be impaired. If any such indication exists, the recoverable amount

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds the recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

Events after the reporting period

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size and of nature are only disclosed.

CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the company's financial statement requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Depreciation / amortisation and useful lives of property, plant and equipment and Livestock:

Property, plant and equipment / Livestock are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for the future periods is revised if there are significant changes from previous estimates.

Recoverability of trade receivable:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

Impairment of non-financial assets:

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Global Health Pandemic on COVID-19:

The outbreak of corona virus (COVID-19) pandemic globally and in India has caused significant disturbance and slowdown of economic activity. Particularly, the Company's export operations and export revenue during the period were impacted due to COVID-19. The Company has taken into account the possible impact of COVID-19 in preparation of financial statements, including its assessment of recoverable value of its assets based on internal and external information upto the date of approval of these financial statements and current indicators of future economic conditions.

Accounting for Government Grants and Disclosure of Government Assistance:

The Government Grants are accounted in line with IND AS 20 - "Accounting for Government Grants and Disclosure of Government Assistance".

Unfulfilled conditions and other contingencies attaching to government assistance that has been recognised - Nil.

The grant was received towards the acquisition of PPE (Property, Plant & equipments) during the years spanning from 2018-19 to 2020-21 and accordingly treated as a capital grant and adjusted against the cost. The value of Property, Plant & Equipments is disclosed net of government grants received from MOFPI (Ministry of Food Processing Industries) of Rs.488.72 lakhs.

Borrowings secured against current assets:

The company has borrowings from banks on the basis of security of current assets. The quarterly returns or statements of current assets filed by the company with banks are in agreement with the books of accounts.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

Ind AS - 12 - Income Taxes

Consequent to the appeal preferred by the income tax department with the Honourable ITAT, Chennai for the Assessment Year 2014-15, the appeal hitherto allowed in favour of the company by CIT (Appeals) was dismissed by the Income Tax Appellate Tribunal and verdict was pronounced in favour of the income tax department. Hence, an amount of Rs.80.66 lakhs demand (net of refund receivable) had arisen. However, the company had filed an appeal against this ITAT order with the High Court of Chennai. since the company is confident of coming out successful in the Appeals as per the advice taken from the legal experts, no provision have been made in the books for the said income tax liability and disclosed as a contingent liability.

Last year the company had informed that the carried forward losses under the Income Tax Act,1961 of the earlier assessment year A.Y.2013-14 amounting to Rs.3.59 crores have been reduced by the Assessing Officer while completing the assessment by making some adjustments to the returned Loss and that the Company has preferred appeals before the immediate superior authority which appeals are pending for disposal as on the date of the financial reports and since the adjustments have resulted only in the reduction of carry forward losses, there is no immediate demand raised and hence, conservatively the said losses have not been considered while filing return of income for the relevant assessment years and that the tax impact on account of the said issue would be approximately Rs.1.20 crores. The matter is still pending before the Commissioner of Income Tax Appeals - NFAC , New Delhi for disposal.

During the financial year, a search operation was carried out by the Investigation Wing, Chennai on the Assessee. However no incriminating materials were found as to the undisclosed income. The search related assessment is yet to commence at the Assessment Circle being the Central Circle, Salem to which office the assessment has been centralised and the assessment proceedings are yet to commence as on the date of approval of the financial statements by the Board of Directors.

Amendments:

Ind AS - 16 - Property Plant and equipment :

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has not earned any revenue from test runs of assets capitalised/work in progress during the year.

The amendments carried out with respect to the following Ind AS did not have any significant impact on the financial statements of the company for the year:

- Ind AS 103 - Business combinations
- Ind AS 37 - Provisions, Contingent liabilities & contingent assets
- Ind AS 109 - Financial Instruments
- Ind AS 116 - Leases

Amendment to Division II to Schedule III:

MCA vide notification dated 24.03.2021 made certain modifications to Schedule II (Division II) disclosure requirements and certain additional disclosure requirements to Financial statements have been introduced. These amendments are effective and applicable for the financial statements from 01.04.2021. Accordingly, these amendments have been considered necessary disclosures that are applicable have been made. The comparatives have also been presented in line with the amendments made to Division II Schedule III.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

Ratio	Reasons for change of more than 25% as compared to the preceding year
Debt Equity Ratio	The company during the year had availed additional PCFC Loan of Rs.20 crores to finance the working capital requirements. Also during the year, term loan of Rs.5.04 crores was availed to acquire the Machinery. Hence, there is an increase in loan funds during the year by around Rs.25.04 crores due to which there is a considerable change in the debt equity ratio.
Debt Service Coverage Ratio	The company during the year had availed term loan of Rs.5.04 crores to acquire the Machinery. Hence, there is an increase in term loan by Rs.5.04 crores as compared to the preceding year. Hence, there is a considerable change in the debt service coverage ratio.
Return on Equity Ratio	The government had withdrawn the subsidy given to the company in the form of MEIS license from the year 2020-21. Hence, there is a substantial decline in the net profitability of the company. Hence, there is a considerable change in the return on equity ratio. NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

16. FINANCIAL INSTRUMENTS:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss ('FVTPL')) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

Trade receivables are initially recognised when they are originated. Trade payables are in respect of the amount due on account of goods purchased or services availed in the normal course of business. They are recognised at their transaction and services availed value if the transaction do not contain significant financing component.

a) Financial Assets**(i) Recognition and initial measurement**

All financial assets are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through Statement of Profit or Loss ('FVTPL')) are added to the fair value of the financial assets, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets at FVTPL are recognized immediately in Statement of Profit and Loss.

(ii) Subsequent measurement**Debt instruments at amortised cost:**

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI:

A 'debt instrument' is classified as FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

Debt instrument at FVTPL:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as amortized cost or as FVTOCI, is classified as FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as FVTPL. However, such election is chosen only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

(iii) De-recognition of financial assets

A financial asset is de-recognised only when;

- a. The entity has transferred the rights to receive cash flows from the financial asset or
- b. The entity retains the contractual rights to receive the cash flows of the financial asset, but expects a contractual obligation to pay the cash flows to one or more recipients.

Where entity has transferred an asset, it examines and assesses whether it has transferred substantially all risk and rewards of ownership of financial asset. In such cases, financial asset is de-recognised. Where entity has not transferred substantially all risks and rewards of ownership of financial asset, such financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risk and rewards of ownership of the financial asset, the financial asset is de-recognised, if the Group has not retained control of the financial asset. Where the entity retains control of the financial asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(iv) Investments in Equity Instruments in Subsidiary and Associates:

The Company has elected to carry investment in Equity Instruments in Subsidiary and Associates at cost in accordance with Paragraphs 10 of 'Ind AS 27 – Separate Financial Statements'.

b) Financial liabilities and equity instruments**(i) Initial recognition and measurement**

All financial liabilities are recognized initially at fair value plus transaction cost (if any) that is attributable to the acquisition of the financial liabilities which is also adjusted.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are de-recognised through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Trade and other payables:

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period. For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after 12 months from the end of the reporting period are

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

presented as non-current liabilities and are measured at amortised cost unless designated at fair value through profit and loss at the inception.

Other financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading or designated as at FVTPL are recognized in the profit or loss.

(iii) Derecognition of financial liabilities:

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

c) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

d) Impairment of Financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition.

e) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability which are accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Valuation:

The financial instruments are initially recognized and subsequently re-measured at fair value as described below :

(a) The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates and yield curves at the balance sheet date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022

- (b) The fair value of the remaining financial instruments is determined using discounted cash flow analysis.
- (c) All foreign currency denominated assets and liabilities using exchange rate at the reporting date.

Fair Value measurement hierarchy:

The fair value of cash and cash equivalents, other bank balances, loans, trade receivables, trade payables and others approximates their carrying amount. The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation techniques. The fair valuation of various financial assets are done by adopting Level 3 category valuation.

Level 1 :

Quoted prices (unadjusted) in active markets for identical assets and liabilities.

f) Derivative financial instruments

Derivative financial instruments are accounted for at FVTPL except for derivatives designated as hedging instruments in cash flow hedge relationships, which require a specific accounting treatment. To qualify for hedge accounting, the hedging relationship must meet several strict conditions with respect to documentation, probability of occurrence of the hedged transaction and hedge effectiveness. These arrangements have been entered into to mitigate currency exchange risk arising on account of repayment of foreign currency term loan and interest thereon.

17. CAPITAL MANAGEMENT - ADDITIONAL CAPITAL DISCLOSURES:

The Company adheres to the Capital Management framework which is underpinned by the following guiding principles:

- The key objective is to ensure that it maintains a stable capital structure with the focus on total equity to uphold investor, creditor, and customer confidence and to ensure future development of its business.

Discount rate (Per annum)	7.00%	7.00%
Expected rate of return on Plan Assets (Per annum)	7.00%	7.00%
Rate of escalation in salary (Per annum)	6.50%	6.50%

The data required for disclosing information with regard to sensitivity analysis is not made available by the Actuary despite the concerted attempts made by the company to gather the information in this regard and hence the information relating to sensitivity analysis in terms of the amount of responsiveness and the financial impact consequent to change in discount rate, change in rate of salary escalation and change in rate of employee turnover (while holding all the other factors constant), have not been provided for during the year.

These plans typically expose the company to actuarial risks such as:

Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest risk:

A decrease in the bond interest rate will increase the plan liability, however, this will be partially offset by an increase in the return on the plan debt investments.

Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

30. SEGMENT INFORMATION:

The Group's operating segments are established on the basis of those components that are evaluated regularly by the Executive Committee (the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.

The Company has two principal operating and reporting segments as follows:

- 1.) Manufacturing and selling of eggs, egg based products & other ancillary products and (shortly referred as Manufacturing)
- 2.) Trading of feed ingredients & egg based products (shortly referred as Trading)

The accounting policies adopted for segment reporting are in line with the accounting policy of the Group with following additional policies for segment reporting.

- a) Revenue and Expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and Expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".
- b) Segment Assets and Segment Liabilities represent Assets and Liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as "Unallocable".

i) Primary Segment Information:

The company had taken certain poultry farms and feed mills on lease and had started operating the said leased poultry farms and feedmills from this year. Accordingly, the eggs and feeds which were purchased and sold was hitherto a trading activity. Now the company uses the leased poultry farms and manufactures eggs and either sells it outside or uses the eggs as raw material for its own production. Also using the leased feedmills, the feeds are manufactured and it is either sold outside or used as raw material (food) for the birds in the poultry farm. Hence, during this year, there is no trading activity and the activity of feed manufacture and production of poultry eggs is an ancillary and supplemental activity and also a backward integration to the company's manufacture of various egg products. The company is engaged in the manufacture of products and the subsidiary company is engaged in the trading of products manufactured and exported to subsidiary company by the holding company and also the subsidiary company purchases goods from outsiders and trades in such goods also. Accordingly, only in the consolidated financial statements, there are reportable segments to be given under the primary segment information, as the company is engaged in manufacturing and the subsidiary is engaged in trading.

Foreign currency risk:

The company is essentially an Export Oriented Undertaking and makes significant exports and has availed Working Capital Loan (Packing Credit) in Foreign currency and also imports goods, stores & spares occasionally. The Company is exposed to foreign currency risk on these transactions. The Company follows a conservative and sound policy by entering into simple Forward Exchange Contracts to hedge the foreign currency risk whose maturity is coterminous with the maturity period of the foreign currency liabilities and receivables.

The following table shows the foreign currency exposure in USD and EUR on financial statements at the end of the reporting period. The exposure to foreign currency for all other currencies are not material.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022
Interest rate risk:

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has availed significant Foreign Currency Working Capital Loan (In USD as well as Euro) by way of Packing Credit at floating interest rates. The interest rate is at 1% (spread) plus LIBOR rate of respective Bank and the interest rate is reset based on the LIBOR rate, as per the loan facility agreement. The Company has not entered into any of the interest rate swaps and hence, the Company is exposed to interest rate risk.

The Company considering the economic environment in which it operates has determined the interest rate sensitivity analysis (interest exposure) at the end of the reporting period. The interest rate for the Company are floating rates and hence, the analysis is prepared assuming the amount of the borrowings outstanding at the end of the reporting period was outstanding for the whole year. A 100 basis point +/- fluctuation in the interest rate is used for disclosing the sensitivity analysis.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows

The interest rate sensitivity analysis is done holding on the assumption that all other variables remaining constant. The increase / decrease in interest expense is mainly attributable to the Company's exposure to interest rates on its variable rate of borrowings.

Commodity price risk:

Commodity price risk arises due to fluctuation in prices of eggs, feeds and other products. The company has a risk management framework aimed at prudently managing the risk by reducing the external dependability and enhancement of self reliance by manufacturing the commodities in house to the extent possible.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022
Credit risk:

Credit risk is a risk that a customer or counter party to a financial instrument fails to perform or pay the amounts due, causing financial loss to the company. Credit risk arises from Company's outstanding receivables from customers and other parties. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities. The Company ensures that sales of products are made to customers with appropriate creditworthiness. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Geographic concentration of credit risk:

Geographic concentration of trade receivables is as follows:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2022**Other risks - COVID 19 :**

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, inventories held and investment in subsidiaries. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including economic forecasts.

The Company has evaluated the impact of COVID-19 resulting from:

- (i) the possibility of constraints to supply goods services which may require revision of estimations of costs, if any, to complete the contract because of additional efforts;
- (ii) onerous obligations;
- (iii) penalties relating to breaches of agreements, and
- (iv) termination or deferment of contracts by customers.

The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

Some of the activities initiated are :

- Improve liquidity and cash management with a rigorous focus on working capital cycles, including collections, receivables and any other blocked cash.
- Reducing capital expenditures other than any committed or non-discretionary expenditures.

All possible impact of known events arising from COVID-19 pandemic in the preparation of the consolidate financial results have been considered. However, the impact of assessment of COVID-19 is a continuous process given the uncertainties associated with its nature and duration. The company will continue to monitor any material changes to future economic conditions. It is very difficult to assess the future outlook at this stage as we are not yet past the COVID-19 crisis. However, given the trend of operations in May & June 2022, the company is confident that it will tide this situation in the ensuing months and the entity's going concern status will not be affected.
